# About this Release

The release notes contain information about potential issues you could encounter while using Kofax Analytics for TotalAgility. Please read this document carefully before you install or use this product, as it may contain information not included in other Kofax Analytics for TotalAgility documentation.

# New Features

This section describes the new features and enhancements included in Kofax Analytics for TotalAgility 1.3.0.

## Automatic query configuration

When you install Kofax Analytics for TotalAgility, the following queries and settings are automatically added to the Kofax Analytics for TotalAgility project, eliminating the need to configure these manually for a silent and standard installation.

- User Mapping Query
- Role Mapping Query
- User Filter Query

## Installation enhancement

You can install Kofax Analytics for TotalAgility without the need to set up the consolidated exe for a standard and silent installation.

# Resolved Issues

This section describes the previously reported issues that are resolved in Kofax Analytics for TotalAgility 1.3.0.

## Duplicates records were accumulated

When the data load ran several times in Kofax Analytics for TotalAgility that was installed on Insight 5.3.1, the BusinessProcessFilter record accumulated duplicate records. (749851)

# Known issue

This chapter describes issues that you may encounter while using Kofax Analytics for TotalAgility 1.3

## Silent Install

When installing Kofax Analytics for TotalAgility in silent mode, you must copy all the files from the silentinstall.zip to the target server before initiating the installation. (763941)
